# ABOUT CENTRAL CAPSTONE

**This year, Mr. De Groot introduced the Profile of a Central Graduate, which incorporates the Teaching for Transformation Throughlines—discipleship habits that encourage students to engage in God's story through their work.**

**As we sought to measure and reflect on students' growth as Central graduates, we introduced a new Bible 12 Capstone course for seniors during the spring semester. Developed by Mr. Buteyn with the support of the Education Committee and Principal Stier, this course guides students in reflecting on their journey at Central through the Throughlines outlined in our Profile of a Central Graduate.**

**Students have completed the class with a Faith Formation Portfolio, containing reflective essays and pictures documenting their years at Central. Tonight's final Capstone projects are a celebration of learning, highlighting how our seniors plan to live out their faith beyond Central as kingdom citizens. The students will also present in front of and hear from a panel of professionals experienced in the field they plan to pursue post-high school. The panels will select one student from each session to receive a \$500 scholarship.**
